

The Big Dipper is part of Ursa Major. It makes up her tail and back end.

As the Story Goes

Callisto fell in love with the god Zeus, but Zeus was married to a goddess named Hera. Hera got mad at Callisto and turned her into a bear, Ursa Major (*ER-suh MAY-jur*). A hunter named Arcas chased Ursa Major into a sacred temple, but Zeus saved the bear. He pulled Ursa Major into the sky by her tail. That is why she has a long tail.
