CONTENTS

We are, indeed, *Drawn to Birds*. Yes, that is the title of one of our new books, which we're excited and honored to publish in 2022. (Check out page 7 for more.)

Yet more so, the heart and soul of AdventureKEEN is clearly drawn to nature. It's the core of our operations and one of the main reasons we're tirelessly looking to share our books with readers everywhere.

One of the positive outcomes of the last two years is that people have re-engaged and reveled in the beauty, diversity, and multiplicity of the life-affirming activities found in the great outdoors. We're watching birds on the wing, dipping a paddle into lakes and rivers, exploring neighborhood walks, visiting national parks, and hiking cross-continent trails.

Hooray and thank you, Mother Nature.

—Richard Hunt, President

The profitability of R E G I O N A L books

Risk Free: Statistically speaking, regional books have extremely low return rates and high customer satisfaction. To put it simply, AdventureKEEN creates products that customers want. So you get to spend more time selling and less time worrying about slow-moving items on your shelves.

Extraordinary Sales: Our math is different from New York publishers. We don't aim to sell 5 copies of one title in 2,500 stores across the country. Instead, we try to sell 100 copies of one title in 50 stores in one region. (When the *Birds of Minnesota Field Guide* was first published, local independent stores averaged between 300 and 500 copies sold per year.) Let your store be one of them.

Grassroots: Regional books succeed by providing specific information to each market about its own area. We publish books about the birds, parks, trees, and hikes in your town. Those are grassroots winners!

Inventory Turns: Regional books are often quiet best-sellers. These titles routinely yield four, five, or six turns per year. That favorably stands up to or exceeds every other category.

Opportunities: Every connection you make in your community is another potential customer. Regional books provide opportunities to make such connections by providing a sense of place and by celebrating the local environment. When passersby see your regional titles on display, they stop and browse—the first step toward becoming your loyal customers.

No-Brainers: It's nice to have easy, obvious, and low-maintenance books that sell and sell and sell all by themselves.

Author-ity: We're unlike most book publishers in that our authors are experts in their respective fields (hiking, camping, birding). Plus, by and large, our authors live in the regions they write about. This creates three huge advantages: (1.) These authors are trusted and viewed as go-to resources for local media. (2.) They don't have to work around tour schedules, so they are almost always available for in-store events. (3.) Our authors tend to be easy to work with. They are hardworking, humble, and ever so appreciative of your support.

Local: Regional books give independent stores a way to highlight the fact that, yes, you are local. The presence of regional titles tells customers that you're plugged in to what they care about in your community.
