About AdventureKEEN

AdventureKEEN is an independent publisher of nature and outdoor-activity books. Our company's founding dates back nearly 40 years, guided both then and now by our love of being in the woods and on the water, by our passion for reading, and by the sense of wonder and discovery that comes from spending time outdoors in beautiful places.

It is our mission to share that wonder and the many opportunities for fun with our readers, especially with those who haven't yet experienced all the physical and mental-health benefits that nature and outdoor activity can bring.

In addition, we strive to teach others about recreating responsibly, so the natural resources and habitats that we cherish and rely upon will be available for future generations to enjoy.

We are a small team, deeply rooted in the places we live and work. We have been shaped by our communities—primarily Birmingham, Alabama; Cambridge, Minnesota; and Cincinnati, Ohio. Drawing upon our staff's decades of experience and our awareness of the industry, the marketplace, and the world at large, we have shaped a unique vision and mission for a company that serves our readers, our authors, and the environment.

We hope to meet you out on the trail some day. Until then, if you wish to contact us, please reach out any time.

Bird Identification Guides

The Bird Identification Guides are state-specific field guides. They utilize an innovative, user-friendly format to make bird identification simple, informative, and fun. Written by award-winning author Stan Tekiela and featuring full-color photography, each book conveniently organizes birds—only species found in that state—by color. Readers open the book to the correct grouping, where every species gets a full-page photo with a corresponding full-page description that includes size, appearance, migration, food, range maps, and more, not to mention the author's naturalist notes. A compare feature helps to ensure positive bird identification—and males and females even get their own entries if their appearances vary. The compact books are easy to carry on hikes and easy to keep handy near a window. **PUB DATE: MAY 2023**

Profitability of **R₁E₁G₂I₁O₁N₁A₁L₂** books

R,isk Free: Statistically speaking, regional books have extremely low return rates and high customer satisfaction. To put it simply, AdventureKEEN creates products that customers want. So you get to spend more time selling and less time worrying about slow-moving items on your shelves.

E,xtraordinary Sales: Our math is different from New York publishers. We don't aim to sell 5 copies of one title in 2,500 stores across the country. Instead, we try to sell 100 copies of one title in 50 stores in one region. (When the *Birds of Minnesota Field Guide* was first published, local independent stores averaged between 300 and 500 copies sold per year.) Let your store be one of them.

G,rassroots: Regional books succeed by providing specific information to each market about its own area. We publish books about the birds, parks, trees, and hikes in your town. Those are grassroots winners!

I,nventory Turns: Regional books are often quiet best-sellers. These titles routinely yield four, five, or six turns per year. That favorably stands up to or exceeds every other category.

O,pportunities: Every connection you make in your community is another potential customer. Regional books provide opportunities to make such connections by providing a sense of place and by celebrating the local environment. When passersby see your regional titles on display, they stop and browse—the first step toward becoming your loyal customers.

N,o-Brainers: It's nice to have easy, obvious, and low-maintenance books that sell and sell and sell all by themselves.

A,uthor-ity: We're unlike most book publishers in that our authors are experts in their respective fields (hiking, camping, birding). Plus, by and large, our authors live in the regions they write about. This creates three huge advantages: (1.) These authors are trusted and viewed as go-to resources for local media. (2.) They don't have to work around tour schedules, so they are almost always available for in-store events. (3.) Our authors tend to be easy to work with. They are hardworking, humble, and ever so appreciative of your support.

L,ocal: Regional books give independent stores a way to highlight the fact that, yes, you are local. The presence of regional titles tells customers that you're plugged in to what they care about in your community.
