

Regional books are profitable

Statistically speaking, regional books have extremely low return rates and high customer satisfaction. To put it simply, AdventureKEEN creates products that customers want. So you get to spend more time selling and less time worrying about slow-moving items on your shelves. Regional books succeed by providing specific information to each market about its own area. We publish books about the birds, parks, trees, and hikes in your town. Those are grassroots winners!

Regional books are often quiet best-sellers. These titles routinely yield four, five, or six turns per year. That favorably stands up to or exceeds every other category. It's nice to have easy, obvious, and low-maintenance books that sell and sell all by themselves.

Regional books give independent stores a way to highlight the fact that, yes, you are local. The presence of regional titles tells customers that you're plugged in to what they care about in your community. Every connection you make is another potential customer. Regional books provide opportunities to make such connections by providing a sense of place and by celebrating the local environment. When passersby see your regional titles on display, they stop and browse—the first step toward becoming your loyal customers.

About AdventureKEEN

AdventureKEEN is an independent publisher of nature and outdoor-activity books. Our company's founding dates back more than 40 years, guided both then and now by our love of being in the woods and on the water, by our passion for reading, and by the sense of wonder and discovery that comes from spending time outdoors in beautiful places.

It is our mission to share that wonder and the many opportunities for funwith our readers, especially with those who haven't yet experienced all the physical and mental-health benefits that nature and outdoor activity can bring.

In addition, we strive to teach others about recreating responsibly, so the natural resources and habitats that we cherish and rely upon will be available for future generations to enjoy.

We are a small team, deeply rooted in the places we live and work. We have been shaped by our communities—primarily Birmingham, Alabama; Cambridge, Minnesota; and Cincinnati, Ohio. Drawing upon our staff's decades of experience and our awareness of the industry, the marketplace, and the world at large, we have shaped a unique vision and mission for a company that serves our readers, our authors, and the environment.

We hope to meet you out on the trail some day. Until then, if you wish to contact us, please reach out any time.

Learn with coloring & activity books

Coloring can help children improve their concentration and creativity, and it can help to build fine motor skills while increasing hand strength. The Color and Learn activity books make learning fun for children, ages 5 to 10. Each activity book focuses on a specific region or a specific topic pertaining to the outdoors and nature. Within each 64-page book, a short paragraph of educational text appears on almost every page, paired with a black and white illustration to color, a maze, a word find, a dot-to-dot, or another interactive activity. Priced well below \$10, the Color and Learn activity books promise hours of child engagement.

Use nature to teach about science

The Simple Introductions to Science series introduces children to some of the most appealing aspects of nature. Topics range from fossils to insects, and the books serve as both a basic introduction and a field identification guide. When applicable, the Simple Introductions to Science books also present a "how to" guide to finding and collecting. At 5" x 7", each book is conveniently sized for small hands. The colorful, appealing, kid-friendly design includes plenty of full-color photographs and illustrations. A number of headers with short blocks of text make for easy reading. Filled with fun and fascinating information, each softcover book retails for under \$15.
