About AdventureKEEN

AdventureKEEN is an independent publisher of nature and outdoor-activity books. Our company's founding dates back more than 40 years, guided then and now by our love of being in the woods and on the water, by our passion for reading, and by the senses of wonder and discovery that come from spending time outdoors in beautiful places.

It is our mission to share that wonder and the many opportunities for fun with our readers, especially with those who haven't yet experienced all the physical and mental-health benefits that nature and outdoor activity can bring to anyone.

In addition, we strive to teach others about recreating responsibly, so the natural resources and habitats that we cherish and rely upon will be available for future generations to enjoy.

We are a small team, deeply rooted in the places we live and work. We have been shaped by our communities—primarily Birmingham, Alabama; Cambridge, Minnesota; and Cincinnati, Ohio. Drawing upon our staff's decades of experience and our awareness of the industry, the marketplace, and the world at large, we have shaped a unique vision and mission for a company that serves our readers, our authors, and the environment.

We hope to meet you out on the trail some day. Until then, if you wish to contact us, please reach out any time.

Regional books are profitable

Statistically speaking, regional books have extremely low return rates and high customer satisfaction. To put it simply, AdventureKEEN creates products that customers want. So you get to spend more time selling and less time worrying about slow-moving items on your shelves. Regional books succeed by providing specific information to each market about its own area. We publish books about the birds, parks, trees, and hikes in your town. Those are grassroots winners!

Regional books are often quiet best-sellers. These titles routinely yield four, five, or six turns per year. That favorably stands up to or exceeds every other category. It's nice to have easy, obvious, low-maintenance books that sell and sell and sell by themselves.

Regional books give independent stores a way to highlight the fact that, yes, you are local. The presence of regional titles tells customers that you're plugged in to what they care about in your community. Every connection you make is another potential customer. Regional books provide opportunities to make such connections by providing a sense of place and by celebrating the local environment. When passersby see your regional titles on display, they stop and browse—the first step toward becoming your loyal customers.

Whose Feather Is That?

STAN TEKIELA

Birds are wonders of nature—captivating to see and observe. Feathers are perhaps their most interesting aspect. The delicate down feathers keep them warm, and the sturdy flight feathers allow them to soar. Yet each species' feathers are visually unique, and that's where the fun truly begins! *Whose Feather Is That?* turns the beautiful bird coverings into a guessing game.

Written by award-winning author, nature photographer, and naturalist Stan Tekiela, this interactive children's book presents a photograph of a feather, along with a clever clue about the bird to which it belongs. Readers get to examine the evidence and formulate a guess as to "Whose feather is that?" Turn the page to discover the answer.

Whose Butt? Memory Game

STAN TEKIELA

The *Whose Butt? Memory Game* gives the classic favorite a hilarious twist. Inspired by the giggle-inducing children's book *Whose Butt?*, by award-winning author and wildlife photographer Stan Tekiela, this game features 24 well-known North American mammals and birds. You'll see rabbits, skunks, and geese—and their behinds!

This family-friendly activity strengthens short-term memory and promotes problem-solving. Plus, kids are sure to laugh with every flip of a card and will learn to recognize iconic mammals and birds found across North America.

Mushrooms & Fungi for Kids

An Introduction to Mycology

ARIEL BONKOSKI

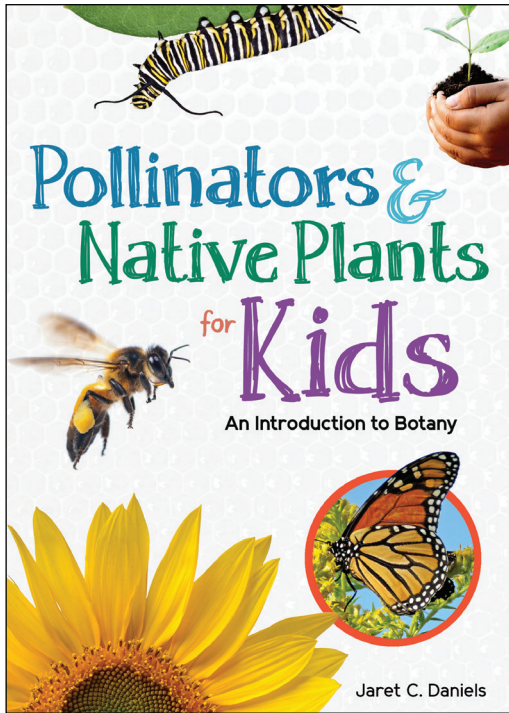

Mushrooms are truly amazing! They are more closely related to animals than to plants, and there are some 150,000 different species—not counting the millions that are likely waiting to be discovered. Become a young mycologist. Learn all about mushrooms, fungi, and lichens. Debut author and mushroom expert Ariel Bonkoski presents a kids' introduction to mycology. From well-known fungi like puffballs and lion's mane to toxic varieties like destroying angels, this book provides the information kids need to know about fungi.

Perfect for beginners, the book starts with an introduction to the kingdom of Fungi. Then it guides readers through the shapes, colors, and forms of mushrooms. It further discusses mushrooms' important role in the environment. In the field-guide section, fungi are organized by shape and structure to help kids start understanding the basics of the mushroom world. While this is not a guide to foraging, readers can gain a lifelong appreciation of mushrooms by learning to recognize the major groups of them.

ARIEL BONKOSKI

Ariel is a mushroom identification expert who resides in Duluth, Minnesota. She has been studying fungi since 2016 and has taught mushroom identification courses and led forays for colleges, public schools, mycological societies, and nature centers throughout North America. She is an active Master Naturalist, with a passion for learning, giving back to nature, and connecting people to nature. Ariel spends much of her free time camping, hiking, and foraging. She aspires to become an exceptional naturalist.

Pollinators & Native Plants for Kids

An Introduction to Botany

JARET C. DANIELS

Native plants surround us every day, so it's easy to take them for granted. But they are vital to the existence of all animals—including humans! Native plants provide sources for food and shelter that wildlife can't live without. Become a young botanist. Learn all about native plants, wildflowers, trees, and shrubs. Professional entomologist Jaret C. Daniels presents a kids' introduction to botany. From beautiful wildflowers to majestic trees, this easy-to-understand book is a perfect guide for beginners.

It starts with an introduction to plants. Then it guides readers through the process of pollination, spotlighting the essential role that bees, butterflies, and other pollinators play. The book further discusses why native plants are important to a healthy ecosystem and outlines how children and families can take action to help them. In the field-guide section, 150 native plants, wildflowers, trees, and shrubs are organized by color and by type. Full-color photographs and descriptions of key markings help readers to identify the species they see in nature.

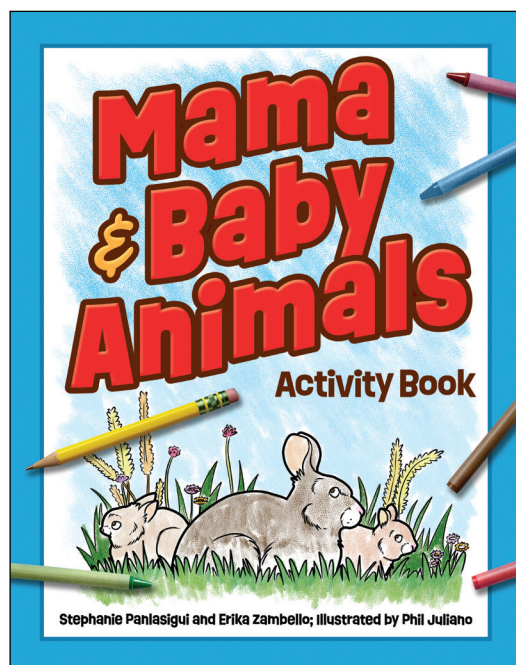

JARET C. DANIELS

Jaret is a curator at the Florida Museum of Natural History's McGuire Center for Lepidoptera and Biodiversity, and he is a professor in the Department of Entomology and Nematology at the University of Florida. Jaret holds a Ph.D. in entomology and specializes in the ecology and conservation of at-risk butterflies and other native insect pollinators. He is a professional nature photographer and author of many successful field guides, gardening books, and general-interest titles on butterflies, insects, wildflowers, native plants, and wildlife landscaping.

What Will the Dolphin Do?

An Interactive Picture Book

DARCY HALVERSON, NAREK SAROYAN

In this interactive picture book, you get to experience life from a bottlenose dolphin's point of view. Catch fish. Make squeaking and clicking sounds. Use your blowhole to take a breath. The entertaining, educational story allows readers to make life choices to survive throughout a dolphin's life cycle—it's like playing a game and reading a book at the same time!

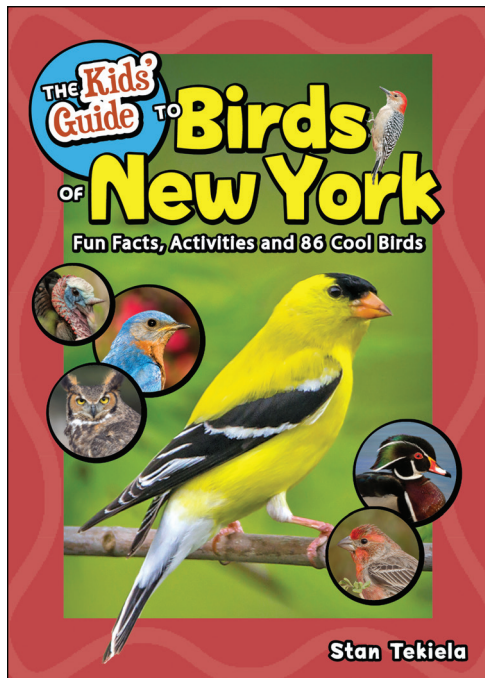

As the adventure begins, you're a new calf, nestled beside your mother underwater. You'll become strong as you grow, but when are you old enough to hunt for food? Experience growing up in a pod of dolphins, playing games, staying safe from sharks, and starting a family.

Written by award-winning teacher Darcy Halverson, with illustrations by Narek Saroyan, *What Will the Dolphin Do?* encourages movement and imagination, as readers pretend to be a beloved marine mammal. Active children especially appreciate the opportunity to wiggle and move with the story.

**DARCY HALVERSON**

Darcy is an educator and a writer. She grew up on a small dairy farm, and a love of animals has stayed with her. Darcy enjoys reading, writing, and exploring the Earth. She cherishes time with family and friends. Her household includes three children, a dog, a cat, two parakeets, numerous fish, and one very loving husband who takes it all in stride. Darcy lives in East Central Minnesota.

Mamas and Babies

The Mamas and Babies series of board books is inspired by the belief that children are instinctively drawn to the natural world. That affection for the outdoors can be utilized to enhance learning. Each book in this series focuses on a specific type of habitat—forest, lake, mountain, or prairie—and introduces 10 kinds of North American animals commonly found in that habitat. Full-color photographs provide a visual introduction to baby animals and their mothers, while simple, short sentences offer neat-to-know information and serve as a gateway to reading for children ages 0-5.

Birding Children's Books

The Birding Children's Books are state-specific field guides designed specifically for children. They utilize a colorful design and an innovative, user-friendly format to make bird identification simple, informative, and fun. Written by award-winning author Stan Tekiela and featuring full-color photography, each book conveniently organizes birds—only species found in that state—by color. When young readers see a bird, they open the book to the correct color grouping, where every species gets a full-color photograph with a corresponding full-page description. As an added bonus, each book includes activities for the whole family, like building a birdhouse and preparing your own bird food.

Wildlife Pocket Guides for Kids

The state-specific Wildlife Pocket Guides for Kids utilize a simple yet attractive layout to introduce around 60 of a given state's most important animal species to know. Created in conjunction with Wildlife Forever, the pocket guides feature full-color photography paired with at-a-glance headings and short tidbits of text. Children are drawn to the brightly colored design, while adults appreciate the pocket-sized nature of these handy, portable books. The Wildlife Pocket Guides for Kids introduce common and noteworthy mammals, birds, reptiles, and amphibians.

Simple Introductions to Science

The Simple Introductions to Science series introduces children to some of the most appealing aspects of nature. Topics range from fossils to insects, and the books serve as both a basic introduction and a field identification guide. When applicable, the Simple Introductions to Science books also present a “how to” guide to finding and collecting. Each book is conveniently sized for small hands. The colorful, appealing, kid-friendly design includes plenty of full-color photographs and illustrations. A number of headers with short blocks of text make for easy reading of the fun and fascinating information.

Interactive Classic Literature

The Interactive Classic Literature series puts a new spin on classic literature for middle-grade readers. In these adventures, readers become the main characters and make choices that affect what happens next. Each book introduces a timeless work of fiction and gives readers an opportunity to make about 20 life-or-death decisions. If the correct choices are made, the story's golden path ultimately leads to a happy ending.

Detective: You

The Detective: You series takes the Choose Your Path book format to another level. These interactive mysteries cast readers as amateur sleuths who make choices that affect what happens next. Each book gives children an opportunity to make about 20 decisions that help them identify suspects, gather clues, and use deductive reasoning to determine who's guilty. Plus, challenging puzzles—such as mazes and secret codes—add to the books' interactivity.

Choose to Win

The Choose to Win series adds a clever twist to the popularity of sports-themed middle-grade fiction. In each interactive story, the reader becomes the main character and makes choices that affect what happens next. Each book focuses on a high-interest sport and also introduces an important social issue (such as life in foster care) while giving readers an opportunity to make about 20 decisions. Adding a video-game-like component to each book, points are awarded for different choices, which readers use later in the story to upgrade their skills. If the correct choices are made—and if enough points are earned—the story's golden path ultimately leads to a winning ending.

Children love the science of nature

The **Simple Introductions to Science** series introduces children, ages 6 to 12, to some of the most appealing aspects of nature. Each book serves as a basic introduction and a field identification guide. The colorful, appealing, kid-friendly design includes plenty of full-color photographs and illustrations. A number of headers with short blocks of text make for easy reading. Filled with fun and fascinating information, each book retails for under \$15. **SEE PAGES 4-5**
