Regional books are profitable

Statistically speaking, regional books have extremely low return rates and high customer satisfaction. To put it simply, AdventureKEEN creates products that customers want. So you get to spend more time selling and less time worrying about slow-moving items on your shelves. Regional books succeed by providing specific information to each market about its own area. We publish books about the birds, parks, trees, and hikes in your town. Those are grassroots winners!

Regional books are often quiet best-sellers. These titles routinely yield four, five, or six turns per year. That favorably stands up to or exceeds every other category. It's nice to have easy, obvious, low-maintenance books that sell and sell and sell by themselves.

Regional books give independent stores a way to highlight the fact that, yes, you are local. The presence of regional titles tells customers that you're plugged in to what they care about in your community. Every connection you make is another potential customer. Regional books provide opportunities to make such connections by providing a sense of place and by celebrating the local environment. When passersby see your regional titles on display, they stop and browse—the first step toward becoming your loyal customers.

Convenient browsing

With AdventureKEEN's new catalog, browsing is easier than ever! Start by checking the WHAT'S NEW section. Then page through the NATIONAL selection. From there, jump to your REGION (such as Midwest). Finally, look at the titles for your STATE. For a downloadable digital version of this catalog, visit advkeen.co/catalog.

About AdventureKEEN

AdventureKEEN is an independent publisher of nature and outdoor-activity books. Our company's founding dates back more than 40 years, guided then and now by our love of being in the woods and on the water, by our passion for reading, and by the senses of wonder and discovery that come from spending time outdoors in beautiful places.

It is our mission to share that wonder and the many opportunities for fun with our readers, especially with those who haven't yet experienced all the physical and mental-health benefits that nature and outdoor activity can bring.

In addition, we strive to teach others about recreating responsibly, so the natural resources and habitats that we cherish and rely upon will be available for future generations to enjoy.

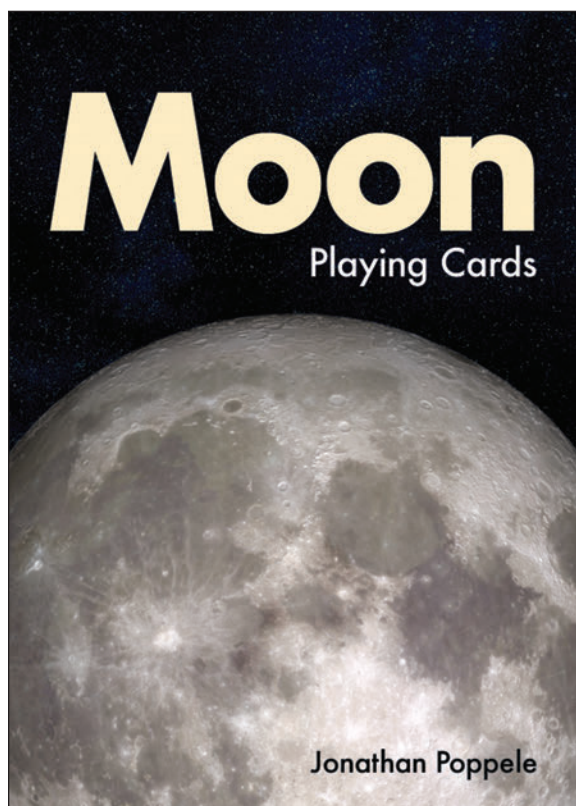

We are a small team, deeply rooted in the places we live and work. We have been shaped by our communities—primarily Birmingham, Alabama; Cambridge, Minnesota; and Cincinnati, Ohio. Drawing upon our staff's decades of experience and our awareness of the industry, the marketplace, and the world at large, we have shaped a unique vision and mission for a company that serves our readers, our authors, and the environment.

We hope to meet you out on the trail some day. Until then, if you wish to contact us, please reach out any time.

Moon Playing Cards

JONATHAN POPPELE

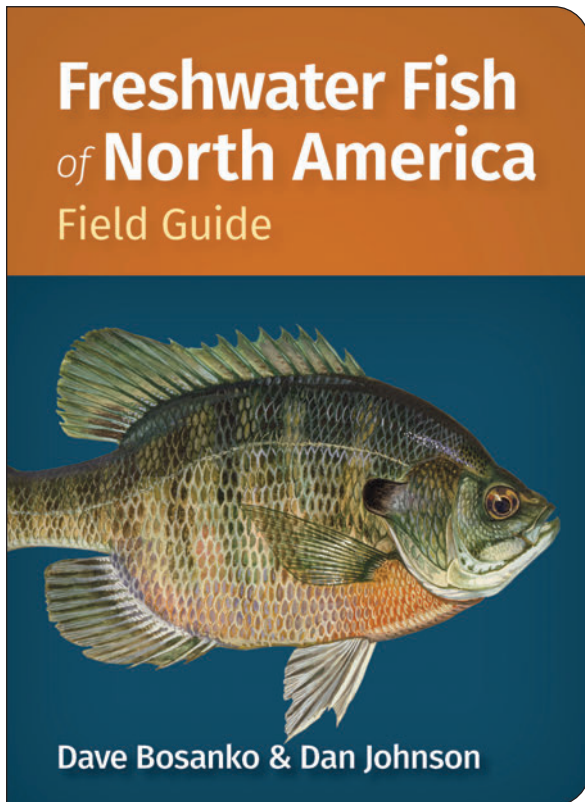

Anyone who enjoys astronomy, constellations, and the night sky will love these cards for playing your favorite games or to use as flash cards. Inspired by Adventure Publications' popular guides to stargazing, this gorgeous deck of playing cards by Jonathan Poppele features 52 professional images of the moon, generated by NASA utilizing their elevation data to produce perfectly consistent and easy-to-see surface features. The red suits show the moon waxing (growing), and the black suits feature the moon waning (shrinking). From low numbers to high numbers, you'll see a crescent moon, quarter moon, gibbous moon, and full moon—so you can begin to recognize the phases of the moon. Plus, the jokers feature lunar and solar eclipses.

Play games such as blackjack, poker, rummy, and solitaire while learning more about astronomy. Get the *Moon Playing Cards* for yourself, and you can also give this deck of cards as a fun and thoughtful gift.

JONATHAN POPPELE

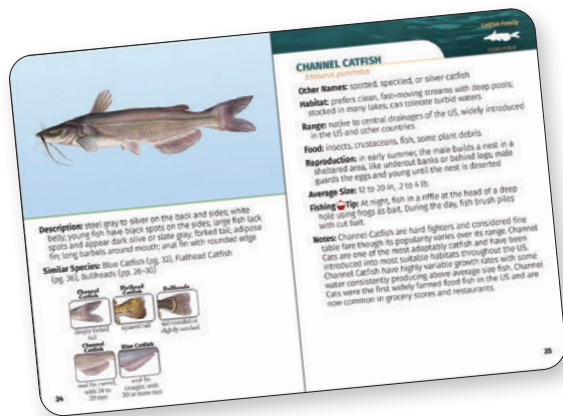

Jonathan is a naturalist, author, and educator who works to help people connect more deeply to themselves, to others, and to nature. He earned a master's degree in Conservation Biology from the University of Minnesota and taught there for many years. He began teaching astronomy when he joined the interdisciplinary team of the University of Minnesota class *Our Changing Planet*. Jon is an active member of the Minnesota Astronomical Society, an Astronomical League Master Observer, and the author of the award-winning *Night Sky: A Field Guide to the Constellations*.

Freshwater Fish of North America Field Guide

DAVE BOSANKO, DAN JOHNSON

Freshwater fishing is a perfect outdoor activity for all ages and skill levels. Better yet, it's a gateway sport for bringing people into nature. There's a whole world to discover beneath the surface of North America's lakes, rivers, and streams.

Whether you're casting for bass, spotting an unfamiliar species, or simply exploring aquatic life, the *Freshwater Fish of North America Field Guide* by Dave Bosanko and Dan Johnson is the ultimate guide to the fish you'll find. When you're not sure what you reeled in, pull this handy guide out of your tackle box and narrow your choices by family (based on visual characteristics). Then identify your prize with the intricately detailed fish illustrations. Further verify the type of fish using the "Similar Species" comparisons.

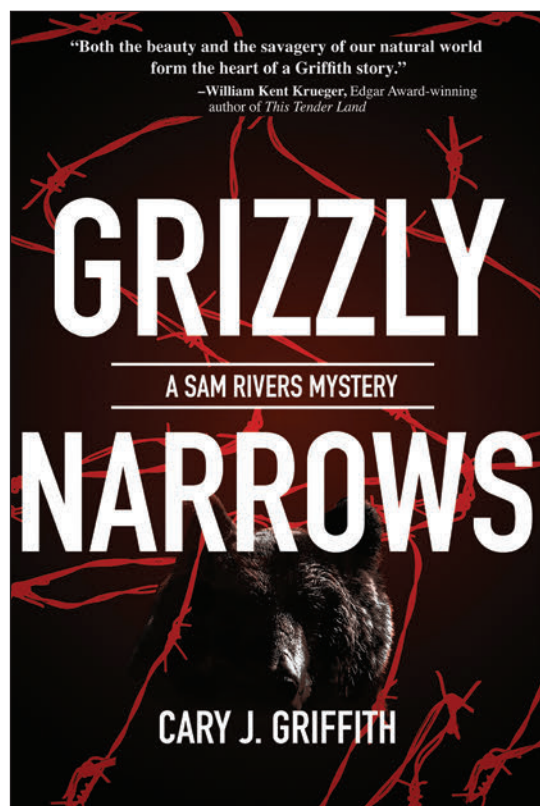

This authoritative guide blends scientific detail with practical advice, making it perfect for anglers, educators, and nature lovers. Learn how fish navigate their underwater environments and discover new techniques to improve your success on the water.

DAVE BOSANKO spent 30 years as staff biologist at two of the University of Minnesota's field stations. An avid fisherman and naturalist, he has long enjoyed applying his extensive field research to patterning fish location and behavior and observing how these fascinating species interact with one another.

DAN JOHNSON began his journey in outdoor communications in the late 1980s, penning fishing and hunting columns for local newspapers. Along the way, each new step led to editorial, public relations, and event marketing positions that further fueled his desire to share a love of the outdoors with audiences from all walks of American life.

Grizzly Narrows

A Sam Rivers Mystery

CARY J. GRIFFITH

Sam Rivers expects a quiet few days at a law enforcement conference, deep in the forests of northeastern Minnesota. Joined by his pregnant wife and teenage daughter, the special agent for the US Fish and Wildlife Service looks forward to a working vacation. But the wilderness offers no refuge when danger comes looking for him.

After violent offender Angus Moon escapes from prison—with help from the mysterious Wilhelmina Gunn—the cunning duo set their sights on revenge against Sam, whom they blame for ruining their lives. The severed head of a grizzly bear appears on a remote bridge known as Grizzly Narrows, luring Sam into a deadly game with high stakes: the life of his abducted wife. As Angus stalks the woods with calculated brutality, Sam must rely on his instincts, his daughter's resourcefulness, and his wolfdog companion, Gray, to track a predator who knows the terrain—and Sam's weaknesses—all too well.

In this sixth installment of the Sam Rivers Mystery series, award-winning author Cary J. Griffith delivers a pulse-pounding wilderness thriller packed with action, psychological tension, and emotional depth.

CARY J. GRIFFITH

Award-winning author Cary J. Griffith grew up in eastern Iowa. His childhood fostered a love of wild places. Cary's books explore the natural world. In nonfiction, he covers the borderlands between civilization and wild places. In fiction, he focuses on the ways some people use flora and fauna to commit crimes, while others with more reverence for the natural world leverage their knowledge to bring criminals to justice. In both genres, readers are likely to learn something about our relationship to the natural world and the creatures that inhabit it.

Great American Rail-Trail®

Highlights of America's First Cross-Country, Multiuse Trail

RAILS TO TRAILS CONSERVANCY

The Great American Rail-Trail is the nation's first cross-country, multiuse trail. Designed to connect coast to coast, this ambitious route will one day stretch uninterrupted across 12 states and the District of Columbia. More than 55% of the trail is already complete and ready to explore—and in *The Great American Rail-Trail*, the experts at Rails to Trails Conservancy showcase 50 of the most scenic, significant, ready-to-use segments for walkers, runners, cyclists, equestrians, skaters, skiers, and people of all abilities.

With pathways passing through forests and farmlands, across plains and mountain valleys, and into the heart of America's great cities, this collection offers something for every trail enthusiast.

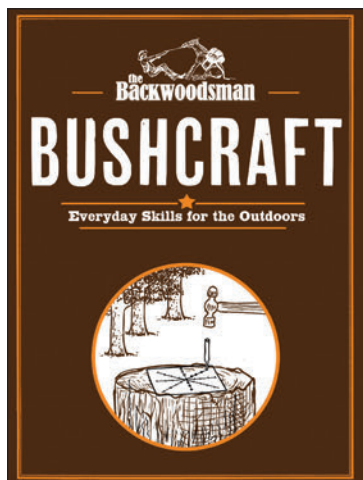

RAILS TO TRAILS CONSERVANCY

Rails to Trails Conservancy is a nationwide nonprofit dedicated to converting former railroad corridors to public, multiuse recreational trails that offer easy access to runners, hikers, bicyclists, skaters, wheelchair users, and equestrians. It serves as the national voice for more than 160,000 members and supporters, more than 23,000 miles of open rail-trails across the country, and more than 8,000 miles of potential trails waiting to be built—with a goal of ensuring a better future for America made possible by trails and the connections they inspire.

Backwoods know-how for modern times

Nature's Inspiration

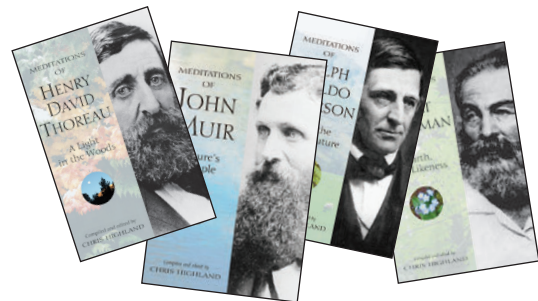

Find peace and tranquility with some of history's most celebrated philosophers and poets in the Nature's Inspiration series. The meditative and inspiring text is drawn from carefully curated excerpts and selections of the authors' essays and poems. Each book focuses on nature and spirituality but also touches upon such topics as scientific understanding and history. The books are ideal for casual, relaxing time spent reading.

The Meditations of Mabel Osgood Wright brings together 62 of Wright's most evocative reflections on birds, flowers, gardens, and changing landscapes. A pioneer of conservation and founder of the Connecticut Audubon Society, she blended scientific precision with poetic insight.

The Meditations of Ohiyesa (Dr. Charles A. Eastman) collects 60 of Eastman's most resonant writings on nature, community, prayer, and Indigenous philosophy. Raised in traditional Dakota ways during the late 1800s, his reflections on nature and spirit embodied the rhythms of a life lived in harmony with the land.

Common Lichens of the Eastern United States

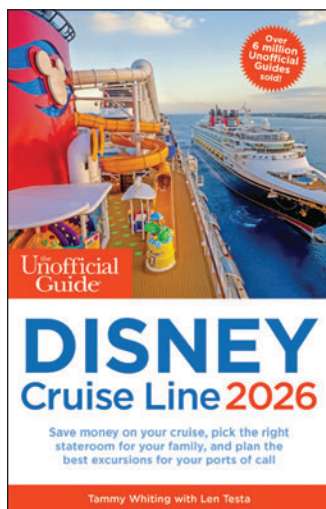

Easily Identify More Than 55 Widespread Types

TANNER BARNHARST

Whether you're a backyard naturalist, a seasoned hiker, or someone who's curious about the natural world, this easy-to-use guide helps you recognize and appreciate lichens in your everyday environment. Each lichen is organized by the surface it grows on—trees, soil, or rocks—and then by growth form: leafy, bushy, or crusty. Narrow your choices by what you see and where you see it, and view just a few lichens at a time. The professional photographs showcase 58 species (which account for 70% of all lichen sightings in the eastern United States) while straightforward descriptions make field identification approachable and fun for beginners and experts alike. This pocket-size guide features species found from the states that border the Mississippi River to the Atlantic Ocean.

More Seeds, Please!

LUCAS ALBERG, MEGAN MARIE MYERS

More Seeds, Please! provides valuable life lessons about considering the needs of others, sharing, and making amends. The powerful message of conservation is brought to life by the picture book's highly stylized, playful illustrations.

Horatio is a proud blue jay who loves to show off, but his aerial acrobatics make him hungry. When he spots a group of animals eating from a field of sunflowers, he decides to join them. The generous flowers happily offer Horatio some of their seeds, so Horatio eats and eats. He doesn't stop until just one sunflower seed remains. What will Horatio find when he returns to the field next year? How will he make amends for the harm he has caused?

This picture book is entertaining and educational, and it's sure to spark plenty of worthwhile conversations.

Dr. Karra to the Rescue

Healing Injured Animals with a Wildlife Veterinarian

CHRISTY GOVE

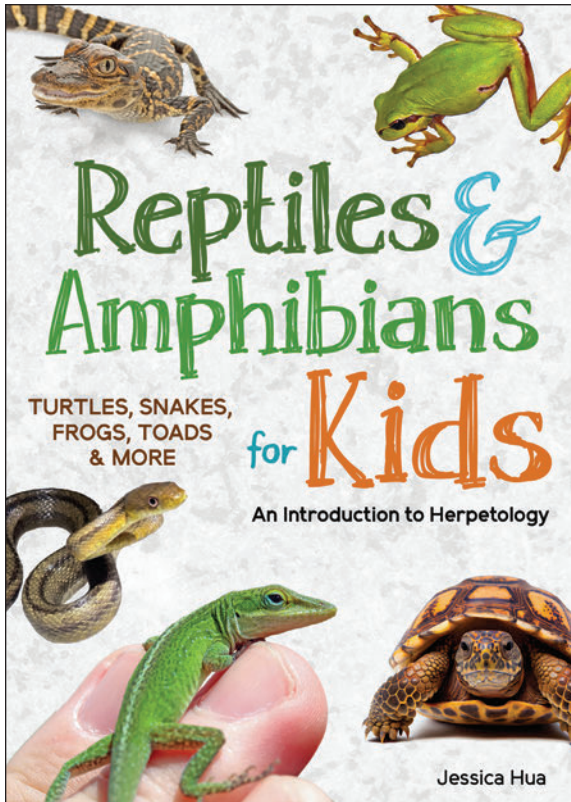

Meet Dr. Karra, a wildlife veterinarian from the Wildlife Center of Virginia (WCV), and follow her through an action-packed day. Written by acclaimed author Christy Gove, *Dr. Karra to the Rescue* is a children's book that reads like a medical drama—except all the patients are wild animals. Join Dr. Karra and her team as they treat five different critters. Every account is based on a true story of an actual patient at the animal hospital. In fact, most of the photographs in this book were provided by the WCV. If your child loves animals, dreams of becoming a veterinarian, or enjoys real-life stories, this picture book is both entertaining and educational.

CHRISTY GOVE

Christy is the author of six books, including five books for children. Her first book, *Esther the Eaglet*, was inspired by an eagle rescue that took place at her parents' cabin. From that experience, she learned about the unique and important work done by wildlife rehabilitation hospitals. The experience inspired her to research and write about more animal rescue stories. Christy lives just outside Minnesota's Twin Cities.

Reptiles & Amphibians for Kids

An Introduction to Herpetology

JESSICA HUA

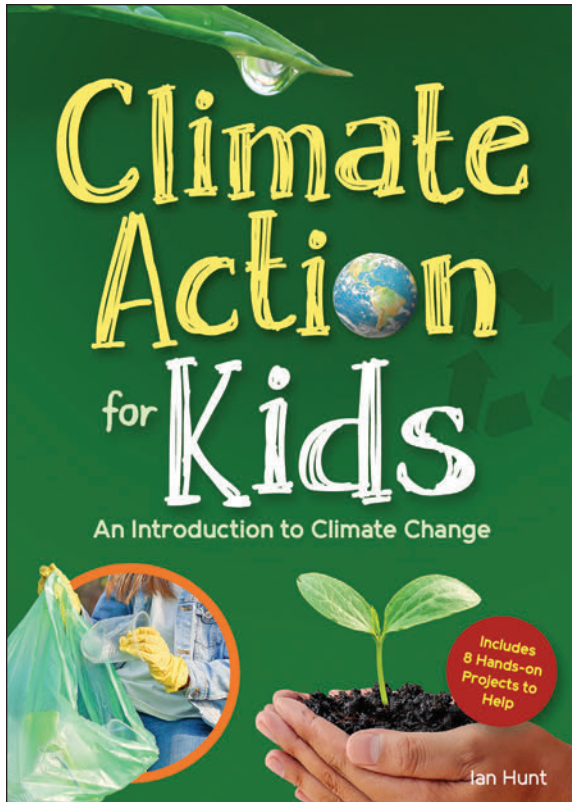

Reptiles and amphibians are some of the most exciting animals for children to discover. These small but mighty creatures spark curiosity and inspire outdoor learning. Become a young herpetologist. Learn all about frogs, lizards, snakes, turtles, and other cool critters. Jessica Hua, a professional educator and researcher, presents a kids' introduction to herpetology, the study of reptiles and amphibians. From alligators and crocodiles to skinks and salamanders, this easy-to-understand book is a perfect guide for beginners.

Reptiles & Amphibians for Kids features expert insights on a variety of common and important species. It delves into such topics as the differences between reptiles and amphibians, their evolutionary beginnings, and staying safe when encountering them. In the field-guide section, featured species are organized by type and then by size. Full-color photographs and descriptions of key markings help readers to identify the critters they see in nature.

JESSICA HUA

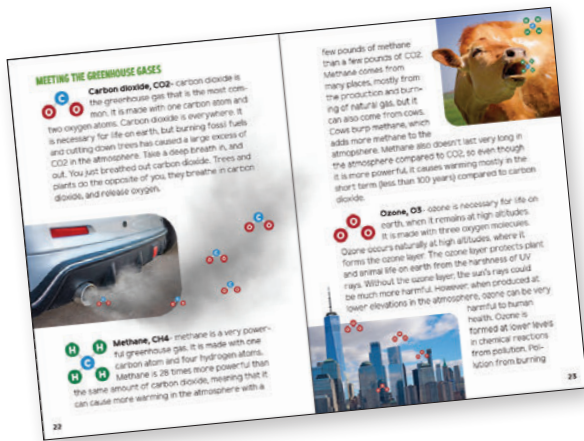

Jessica is an associate professor at the University of Wisconsin–Madison in the Department of Forest and Wildlife Ecology. There, she leads a group of scientists working to understand the threats that amphibians face. She and her team also study how to use non-traditional resources—like art, children's books, and citizen (community) science—to make science more accessible to broader audiences.

Climate Action for Kids

An Introduction to Climate Change

IAN HUNT

Our Earth is an amazing planet. Its well-balanced climate provides fresh water, clean air, comfortable temperatures, healthy food, and safe places to live. But that climate is falling out of balance. Become a young climatologist. Find out what's going wrong and what we can do to fix it! This book empowers young readers with a "What Can I Do?" chapter that offers reasons for optimism, small steps to take every day, and 10 impactful activities for families.

Learn about the atmosphere, as well as the basics of the carbon cycle and the greenhouse effect. A section on causes and solutions introduces different sources of energy, from oil to solar, with suggestions on how improvements can be made. It's engaging and informative as it starts a path toward building a better Earth!

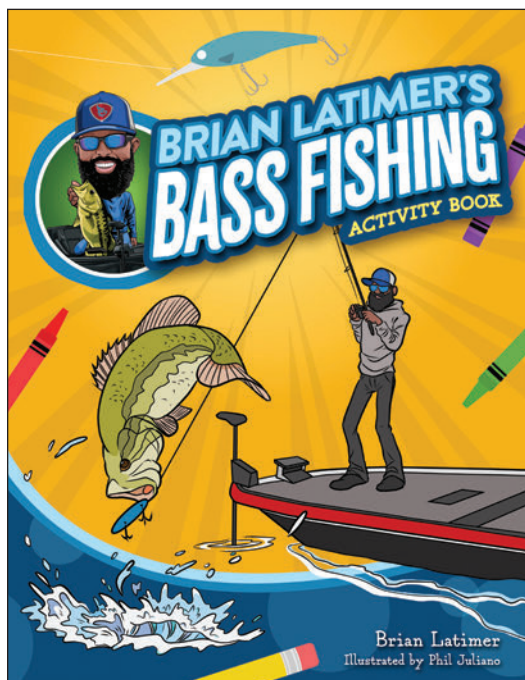

Ian Hunt is an expert in the field and an advocate of environmental education and activism. Here, he presents an introduction to climatology (or climate science) in this easy-to-understand guide.

IAN HUNT

Ian has worked in conservation throughout the Sierra Mountains and held jobs planting trees in wildfire burn scars, maintaining backcountry trails, conserving water, hardening homes for fires, planting native habitats, and cultivating edible landscapes. He earned his MA in Climate and Society from the Columbia University Climate School, and he now resides in Brooklyn, where he is an advocate for climate education and climate action.

Coloring and activities that spark learning

Coloring can help children improve their concentration and creativity, and it can help build fine motor skills while increasing hand strength. The Color and Learn activity books make learning fun for children. Each activity book focuses on a specific region or a specific topic pertaining to the outdoors and nature. Within each 64-page book, a short paragraph of educational text appears on almost every page, paired with a black and white illustration to color, a maze, a word find, a dot-to-dot, or another interactive activity. Priced below \$10, the Color and Learn activity books promise hours of child engagement.

Get to know the birds in your state

The Birding Children's Books are state-specific field guides designed specifically for children. They utilize a colorful design and an innovative, user-friendly format to make bird identification simple, informative, and fun. Each book conveniently organizes birds—only species found in that state—by color.

Choose your path through classic stories

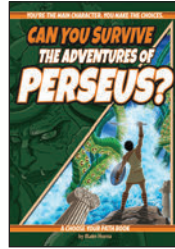

The Choose Your Path book format offers a reading experience unlike any other. The reader becomes the main character and makes choices that affect what happens next in each story. The goal is simple: make it to the end of the book! Choose Your Path books can enhance empathy, decision-making, and problem-solving. Try a variety of options, from classic literature to mysteries.

cooks from the land and are often thought of as "hooky" shores, in which anglers and high tide returns, or at all but are deeper water during low tide. In contrast, "tidal" shores are open about the ocean.

The first step to exploring a tidepool is finding one. The Pacific Coast is more well known for its tidepools than the Atlantic Coast, but both coasts have plenty of places to explore tidepools.

Children love the science of nature

The **Simple Introductions to Science** series introduces children, ages 6 to 12, to some of the most appealing aspects of nature. Each book serves as a basic introduction and a field identification guide. The colorful, appealing, kid-friendly design includes plenty of full-color photographs and illustrations. A number of headers with short blocks of text make for easy reading. Filled with fun and fascinating information, each book retails for under \$15. **SEE PAGE 72**
