Regional books are profitable

Statistically speaking, regional books have extremely low return rates and high customer satisfaction. To put it simply, AdventureKEEN creates products that customers want. So you get to spend more time selling and less time worrying about slow-moving items on your shelves. Regional books succeed by providing specific information to each market about its own area. We publish books about the birds, parks, trees, and hikes in your town. Those are grassroots winners!

Regional books are often quiet best-sellers. These titles routinely yield four, five, or six turns per year. That favorably stands up to or exceeds every other category. It's nice to have easy, obvious, low-maintenance books that sell and sell and sell by themselves.

Regional books give independent stores a way to highlight the fact that, yes, you are local. The presence of regional titles tells customers that you're plugged in to what they care about in your community. Every connection you make is another potential customer. Regional books provide opportunities to make such connections by providing a sense of place and by celebrating the local environment. When passersby see your regional titles on display, they stop and browse—the first step toward becoming your loyal customers.

Convenient browsing

With AdventureKEEN's new catalog, browsing is easier than ever! Start by checking the WHAT'S NEW section. Then page through the NATIONAL selection. From there, jump to your REGION (such as Midwest). Finally, look at the titles for your STATE. For a downloadable digital version of this catalog, visit advkeen.co/catalog.

About AdventureKEEN

AdventureKEEN is an independent publisher of nature and outdoor-activity books. Our company's founding dates back more than 40 years, guided then and now by our love of being in the woods and on the water, by our passion for reading, and by the senses of wonder and discovery that come from spending time outdoors in beautiful places.

It is our mission to share that wonder and the many opportunities for fun with our readers, especially with those who haven't yet experienced all the physical and mental-health benefits that nature and outdoor activity can bring.

In addition, we strive to teach others about recreating responsibly, so the natural resources and habitats that we cherish and rely upon will be available for future generations to enjoy.

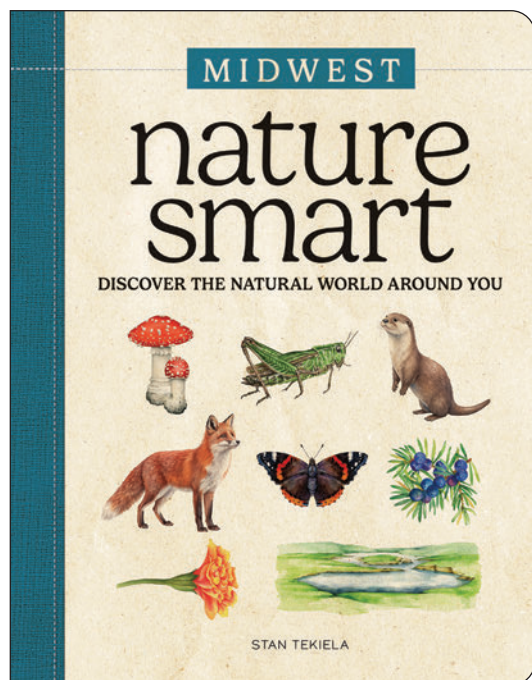

We are a small team, deeply rooted in the places we live and work. We have been shaped by our communities—primarily Birmingham, Alabama; Cambridge, Minnesota; and Cincinnati, Ohio. Drawing upon our staff's decades of experience and our awareness of the industry, the marketplace, and the world at large, we have shaped a unique vision and mission for a company that serves our readers, our authors, and the environment.

We hope to meet you out on the trail some day. Until then, if you wish to contact us, please reach out any time.

More Seeds, Please!

LUCAS ALBERG, MEGAN MARIE MYERS

More Seeds, Please! provides valuable life lessons about considering the needs of others, sharing, and making amends. The powerful message of conservation is brought to life by the picture book's highly stylized, playful illustrations.

Horatio is a proud blue jay who loves to show off, but his aerial acrobatics make him hungry. When he spots a group of animals eating from a field of sunflowers, he decides to join them. The generous flowers happily offer Horatio some of their seeds, so Horatio eats and eats. He doesn't stop until just one sunflower seed remains. What will Horatio find when he returns to the field next year? How will he make amends for the harm he has caused?

CHRISTY GOVE

Christy is the author of six books, including five books for children. Her first book, *Esther the Eaglet*, was inspired by an eagle rescue that took place at her parents' cabin. From that experience, she learned about the unique and important work done by wildlife rehabilitation hospitals. The experience inspired her to research and write about more animal rescue stories. Christy lives just outside Minnesota's Twin Cities.

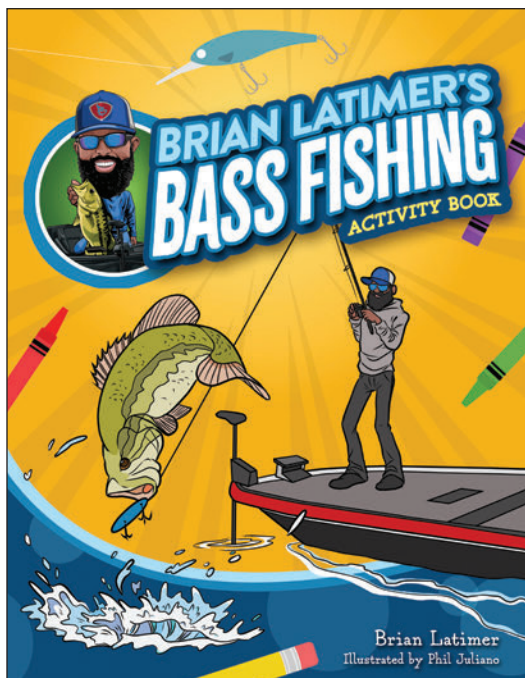

Dr. Karra to the Rescue

Healing Injured Animals with a Wildlife Veterinarian

CHRISTY GOVE

Meet Dr. Karra, a wildlife veterinarian from the Wildlife Center of Virginia (WCV), and follow her through an action-packed day. Written by acclaimed author Christy Gove, *Dr. Karra to the Rescue* is a children's book that reads like a medical drama—except all the patients are wild animals. Join Dr. Karra and her team as they treat five different critters. Every account is based on a true story of an actual patient at the animal hospital. In fact, most of the photographs in this book were provided by the WCV. If your child loves animals, dreams of becoming a veterinarian, or enjoys real-life stories, this picture book is both entertaining and educational.

Reptiles & Amphibians for Kids

An Introduction to Herpetology

JESSICA HUA

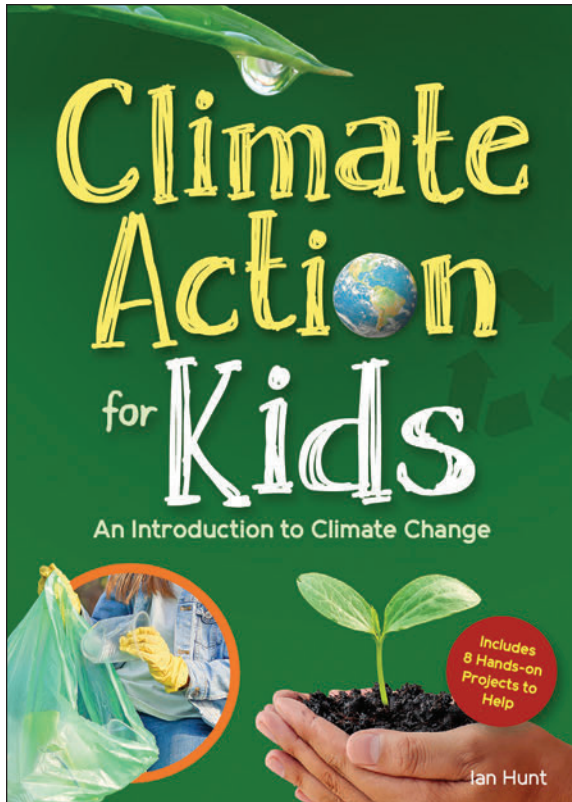

Reptiles and amphibians are some of the most exciting animals for children to discover. These small but mighty creatures spark curiosity and inspire outdoor learning. Become a young herpetologist. Learn all about frogs, lizards, snakes, turtles, and other cool critters. Jessica Hua, a professional educator and researcher, presents a kids' introduction to herpetology, the study of reptiles and amphibians. From alligators and crocodiles to skinks and salamanders, this easy-to-understand book is a perfect guide for beginners.

Reptiles & Amphibians for Kids features expert insights on a variety of common and important species. It delves into such topics as the differences between reptiles and amphibians, their evolutionary beginnings, and staying safe when encountering them. In the field-guide section, featured species are organized by type and then by size. Full-color photographs and descriptions of key markings help readers to identify the critters they see in nature.

JESSICA HUA

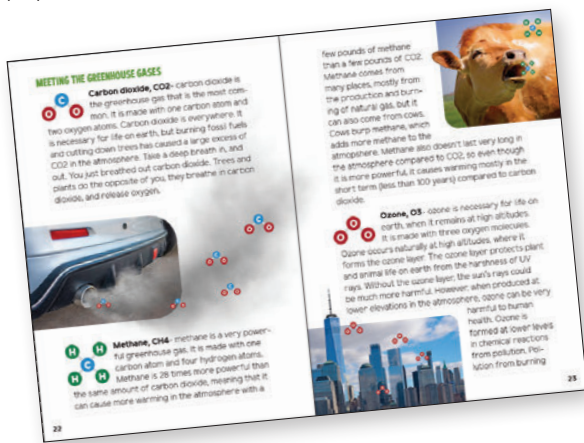

Jessica is an associate professor at the University of Wisconsin–Madison in the Department of Forest and Wildlife Ecology. There, she leads a group of scientists working to understand the threats that amphibians face. She and her team also study how to use non-traditional resources—like art, children's books, and citizen (community) science—to make science more accessible to broader audiences.

Climate Action for Kids

An Introduction to Climate Change

IAN HUNT

Our Earth is an amazing planet. Its well-balanced climate provides fresh water, clean air, comfortable temperatures, healthy food, and safe places to live. But that climate is falling out of balance. Become a young climatologist. Find out what's going wrong and what we can do to fix it! This book empowers young readers with a "What Can I Do?" chapter that offers reasons for optimism, small steps to take every day, and 10 impactful activities for families.

A section on causes and solutions introduces different sources of energy, from oil to solar, with suggestions on how improvements can be made. It's engaging and informative as it starts a path toward building a better Earth!

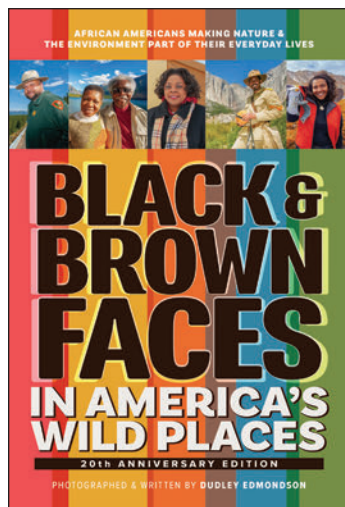

Ian Hunt is an expert in the field and an advocate of environmental education and activism. Here, he presents an introduction to climatology (or climate science) in this easy-to-understand guide.

IAN HUNT

Ian has worked in conservation throughout the Sierra Mountains and held jobs planting trees in wildfire burn scars, maintaining backcountry trails, conserving water, hardening homes for fires, planting native habitats, and cultivating edible landscapes. He earned his MA in Climate and Society from the Columbia University Climate School, and he now resides in Brooklyn, where he is an advocate for climate education and climate action.

Black & Brown Faces in America's Wild Places, 2nd Edition

DUDLEY EDMONDSON

During his travels as a wildlife photographer, Dudley Edmondson made a concerning observation: He was the only person of color in many of the wilderness locations. He decided to seek out people of color who thrive in the outdoors and ask them about their experiences, passions, and hopes for the future. The compilation of his interviews became this groundbreaking book, now celebrating its 20th Anniversary.

A Season on the Drink

PAT HARRIS

Marty's fast-pitch softball team is far from typical. He and his unlikely teammates represent the Residence, a haven for chronic alcoholics—where forgotten men, written off by society, drown in their addictions. Yet they find something worth fighting for on a dusty Minnesota baseball diamond: their dignity. Based on a true story, this novel chronicles the underdog team's incredible run. It's a story of addiction, friendship, and resilience that transcends traditional sports literature.

Coloring and activities that spark learning

Coloring can help children improve their concentration and creativity, and it can help build fine motor skills while increasing hand strength. The Color and Learn activity books make learning fun for children. Each activity book focuses on a specific region or a specific topic pertaining to the outdoors and nature. Within each 64-page book, a short paragraph of educational text appears on almost every page, paired with a black and white illustration to color, a maze, a word find, a dot-to-dot, or another interactive activity. Priced below \$10, the Color and Learn activity books promise hours of child engagement.
